FIRST SEMESTER B. A. PROGRAMME CLASSES

First Semester students of B. A. Programme should start attending the classes of their Discipline Specific Core (DSC) Minor papers with immediate effect according to the schedule attached below. The timetable for the other papers to be studied by B. A. Programme students will be notified after preferences are taken from students.

Principal

NOTE:

The two subjects of the subject combination under which students have gained admission to B. A. Programme are their CORE DISCIPLINE SUBJECTS. Every student has to choose one of these two subjects as their MAJOR SUBJECT; the other subject of the combination will be their MINOR SUBJECT.

A B. A. Programme student has to study two compulsory papers (called DISCIPLINE SPECIFIC CORE papers) of the Major subject, and one compulsory paper of the Minor subject in the First semester. This choice of Major and Minor subjects will carry over in to the second semester. However, students will have the choice of swapping their Major and Minor papers (that is, converting their Minor subject into Major, and their Major subject into Minor) from the Third semester onwards.

*Students will be asked to submit their choice of papers, including their Major and Minor subjects, through an online Options form in a few days. For the moment, however, they should **start attending the classes below on the basis of which subject of their subject combination they wish to keep as the Minor paper in the first two semesters.***
